

# MIND SPARK

DECEMBER 2021

EDITION 07

FELLOWSHIP IS THE BEST PRACTICE TO CREATE A FAMILY OF FRIENDS ACROSS THE ENTIRE WORLD.

## **Editor's Letter...**

*"Although no one can go back and make a brand new start, anyone can start from now and make a brand new ending." Even this is our second bulletin we are much excited as our first one. Because all the previous ones are trend setters, with much keenness and enthusiasm, we gravitate towards our next bulletin.*

*Talent hits a target no one else can hit. Everyone is endowed with distinctive talents and explore their talent in unique course of action. The hidden talents in the youth are being unveiled progressively through various events. Everyone showcase their talents in the best manner and also work for the welfare and enhancement of the club.*

*The midman of the show illustrates the works of YSC GCT YOUTH outside the GCT campus and also constructs unity among the members of the club. They all exposed their talents in a wide network. It's one of the great moment of joy which makes bliss.*

*'Team work and intelligence always wins championship'*

## NAVARASA

'No one is good at Everything, but everyone is good at Something'. Nature is well known to its undecodable mysterious patterns. Everyone in this world has some unique talents, if unleashed, it will flood us with solutions to the bizarre puzzles of nature. To celebrate these submerged gifts, we have to give everyone an opportunity to develop their skills.

To achieve this, we had created a virtual platform called 'NAVARASA'. It was an online event where any youth can put on airs their artistry and can upload their performances as media files into the cloud using Google Form.

To promote their skill sets, On the auspicious day of "INTERNATIONAL YOUTH DAY", an online meeting was conducted and the talents of the youth were bestowed to all. The best intellect was selected by the method of voting and the winner of this event was announced.

## NAALAI NAMADHAE

In the contemporary decade, contribution of youth plays a pivotal role in the growth of our country. Administration of a country will determine the nation's welfare and economy. Especially, education is the prime idea to develop and improve all other administration of the nation.

The future of India lies in the hands of youth. To get amalgamated by this theme, our club coordinated an event named "NAALAI NAMADHE" on the pride occasion of our nation, the Independence Day. And that was the first official event for our junior youths in the current tenure.

This event was conducted in two rounds. In the first round, participants from ten groups were asked to take a video of them speaking on the label, 'What will

you do if you become an Educational Minister?' These ten groups were divided into two teams and based on their speech in the video, one group from each team were selected for the next round.

In the second round, a group discussion about the same topic was conducted on Independence Day. The best from the final two teams were selected in a democratical manner and the winners were announced.

"Leadership is the capacity to translate vision into reality".

## DISTRICT YOUTH CAMP

"The glories of a campfire are far greater than may be guessed." Camping is an inspiring way to escape into the lap of nature and get an ideal escape from the hectic and boring day to day life. It improves the quality of your life and recharges your batteries. Hence to get the betterment of Virtual Mode classes, the club has organised a DISTRICT YOUTH CAMP for our Youth Clubs in the West District. This Camp entitled SPARK 2021 alleviated the knowledge of youths about our Y's dom.

It was a one day camp held at Shakthi Hotels, Gobichettipalayam, Erode to get away from the Pandemic. But still this camp have taken the youths to the ultimate goal without dropping the standard of an actual camp. Among those youths, 30 were from YSC GCT YOUTH. One of the best part of a camp is that it brings many opportunities for us to get closer and make new friends. To invigorate that, the camp is incorporated with various events where youths can participate to show their inborn skills and creativity. It begins with an ice breaking session which convened a lots of datum about our Y's dom.

Followed by the fruitful session, for better Consensus, the youths were split into teams. The first event is a debate where the teams debuted their notions and pioneered their minds through their voice. The second event is the Talent Show which revealed every youth's individual ability and showed off their coordination as a team. And while it's always amazing to see just how many youths are having a great time with their camp experiences, it's the benefits and the outcomes, the stories of positive impact that really stand out.

In the fullness of the time, to enrich the qualities of the participants, best campers have been selected to the next level of the camp - REGIONAL YOUTH CAMP. We were very delighted to announce that 7 from our club have been selected for the regional level camp. We were on cloud nine that our club's president Yy. Kathir Praveen T had received the "Best Camper Award".

" Dare to live the life you've always wanted "

# FEED THE STRAY

The ongoing lockdown has not only forced the entire world indoors, but has left millions of stray animals without food and water. With restaurants and eateries downing shutters and food trucks parked at homes, strays have been struggling to find food to kill their hunger. They have nothing to eat, not even the scraps from restaurants and roadside stalls that they always relied on.

Realising the impact, our club's Community Coordinators along with the club members took up the task to cater for the stray animals. The project was named 'Feed The Stray' and it was executed on Animal Welfare Day.

Our club members from various districts volunteered for this project. They provided the stray with necessary food, took a photo of it and sent it to Community Coordinators. Our Coordinators grouped all the photos into a collage and it was finally made into a poster which was released on the Animal Welfare Day.

'The love for all living creatures is the most noble attribute of man'.

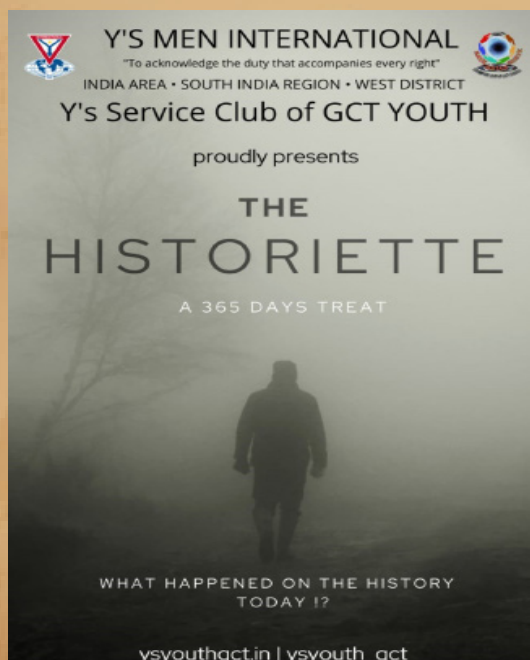

# THE HISTORIETTE

The Technology that we've come to be so reliant on has its own history. Man has mastered different skills on every stage of development. Knowledge of science and technology is very important at every step from the base to the outcome.

To navigate the present and to predict the future, we must heed the lessons of history. To see the illumination of the lights emitted by the candles of the history, we the Y's Service Club of GCT YOUTH unfolded "The HISTORIETTE".

As the name suggests, it is an unceasing annual project which is based on delivering a short history of what has happened on a particular day. Starting from August 1, this event is flourishing us with history as Instagram posts and stories.

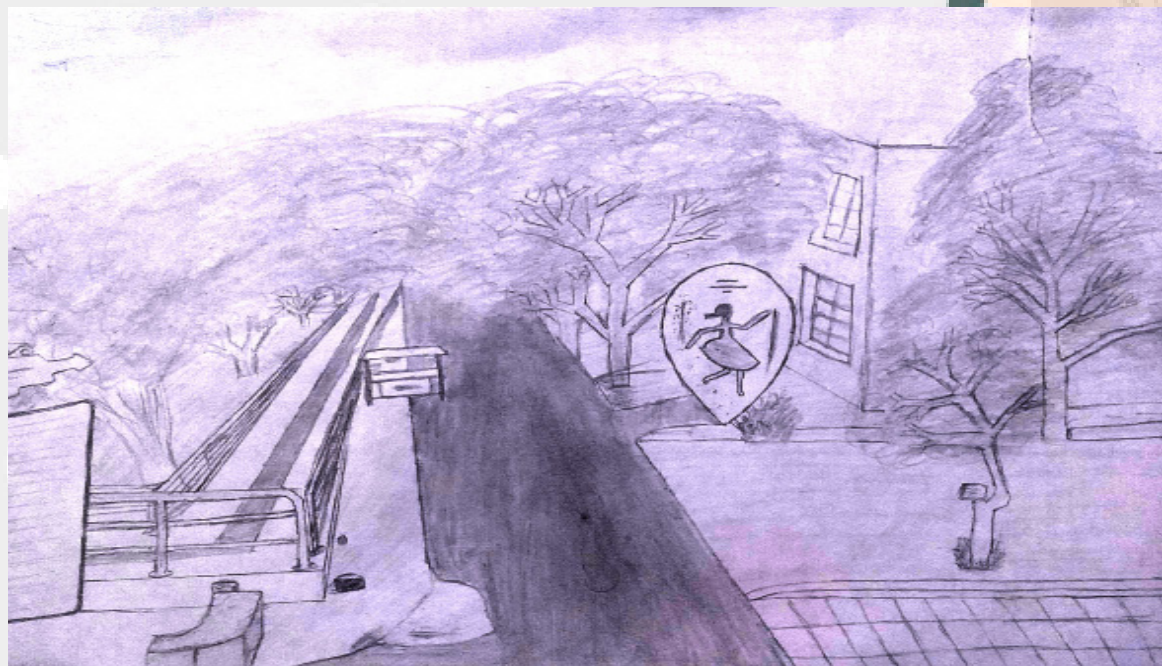

The contents focus on technology and innovations which bridges the unappeasable gaps in different minds. Also it helps in recapturing some appealing and indelible events

## THE POET IN YOU

I had a dream on my college lap ...  
Endless lover stone I stand  
The GCT shape that sculpted me  
The heaven we seek,  
shines at its peak  
Place of finest engineers, palace of  
blooming flowers  
Halls of knowledge that have seen  
dreams come true,  
Where sophomores got their wings and  
flew.  
For Designing the dynasty destined for us.  
Gorgeous pupil meets new people  
Begins with unknown faces and ends with  
everlasting friendships.  
Making all new memories whenever  
With no idea which will last forever.  
Too many clubs, to challenge your guts  
Boundless memories with all those nuts.  
We came as strangers; we leave as friends.  
gct is the heaven where you live your life to  
the fullest.  
Oh! See the attached beauty of her  
You won't take your eye from her sight...  
These lines are a profference to our college
