Frisky Harmony was an engaging offline event on February 23-24, with 74 participants. The event comprised three rounds - Caterpillar Race, Pictionary, and Unroping the Rope. In the first round, teams of 4-5 people in the first round had to balance blown-up balloons on their backs while walking in a line. In Pictionary, the teams drew pictures on each other's backs, and the last person guessed.

The best team moved to the next round. In the final level, Unroping the Rope, pairs had to untie ropes around their hands without breaking them. It was a successful event with positive feedback from participants. The group games were well-received especially the Caterpillar Race. The event fostered teamwork and left a lasting impression on attendees.

The second round tested participants' spontaneity and quick thinking as they were asked to talk like an RJ on a given topic. The third round required participants to deal with a caller while maintaining their RJ swag.
